

OCT 23RD COMMUNITY FORUM

The Mt. Daniel Referendum is on the ballot Nov 4th - What's it all about?

In the late 1980's, Falls Church City Council passed an ordinance requiring capital projects costing over 10% of the City's annual operating budget to be approved by voters via referendum. The proposed Mt. Daniel Elementary School project thus requires voter approval, and in July, City Council voted to place this Referendum on the ballot Nov. 4th. ***Bring a friend & bring YOUR questions to find out what it's all about at this engaging Q&A with local leaders!***
